### HMF 1620K-RCS

The HMF 1620K-RCS is a versatile crane with two link arms and up to 6 extensions.

#### Main benefits

- Excellent lift-to-weight ratio
- · Intuitive operation thanks to assistance systems
- · Automatic load-dependent stability system

### A strong crane with high lift-to-weight ratio

The HMF 1620K-RCS comes with a wide range of options as well as with a number of economic advantages for you as a crane owner. The low tare weight and reduced space requirements of the crane provide for a greater loading capacity and thus for lower fuel consumption and savings.

Moreover, the internal hose routing protects the crane against wear and tear, which provides for a longer lifespan as well as less downtime and maintenance of your crane.

#### Why choose a 1620K?

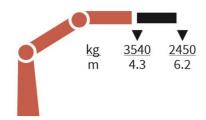

- An all-round crane designed to manage a diverse range of tasks.
- Two link arms ensure great stability and speed suited for i.a. grab application work.
- Great flexibility and smooth operation for demanding tasks
