

IN IT FOR **THE LONG HAUL.**

Minimize waste and maximize profits with the WESTERN® Striker™ stainless steel hopper spreader. A dual variable-speed control and an innovative chute design allow operators to easily control salt and sand spread. Ultra-durable and loaded with the latest in snow and ice control technology, the Striker hopper spreader helps you take your de-icing operation further.

CORROSION-RESISTANT HOPPER

Built with low-maintenance, rust-resistant stainless steel, the hopper is reinforced with wrap-around welded joints for long-life and protection against stress.

INNOVATIVE CHUTE DESIGN

Reduce material waste with this innovative chute design that delivers material to the areas of the spinner that cast it out and away from the truck, instead of back onto your bumper.

SHUTTER DEFLECTOR

The easy-to-adjust, circular shutter deflector allows one-side spreading operation, providing optimal control by keeping materials away from areas they aren't needed and spreading more evenly where they are.

INVERTED V

The standard inverted V located inside the hopper helps keep sufficient material weight off of the conveyor, ensuring smooth startup and flow of material.

DROP CHUTE

The adjustable-height drop chute accommodates both pickup truck and flatbed applications, ensuring a proper spreading height. A chute extension is standard with the 9' and 10' models. An extension kit is available as an accessory only on 7' and 8' models.

REMOVABLE CHUTE ASSEMBLY

For convenient access to the hitch or for material off load, the chute assembly can be easily removed without the use of tools.

DUAL-SWING CHUTE

The dual-swing chute design opens from either side to provide easy access for maintenance or material unloading.

POWER OPTIONS

In addition to the standard dual electric motors, the Striker™ stainless steel hopper spreader is available with gas and hydraulic power options.

Striker
1.5 - 6 CU YD

ADDITIONAL STANDARD FEATURES

Ratchet straps, tie-down points and bolting bars are included for strapping the hopper to the truck. For additional safety, a Center High-Mounted Stop Light (CHMSL) is standard.

ACCESSORIES

Pre-Wet System | Work Light Kit
Strobe Light Kit | Spill Guard Kit
Central Point Grease Kit | Vibrator Kit
Tie-Down Chain Kit | License Plate Kit
6" Side Extensions

Consult your local WESTERN® dealer or westernplows.com for accessory compatibility and availability.

SIX SIZE OPTIONS

7' 1.5 cu yd | 8' 2.0 cu yd | 9' 3.0 cu yd
9' 4.5 cu yd | 10' 4.5 cu yd | 10' 6.0 cu yd

See page 5 for all universal hopper spreader features.

PURPOSE-BUILT FOR HALF-TON, LIGHT-DUTY AND COMPACT TRUCKS.

The WESTERN® Striker™ 0.7 and 0.35 cu yd stainless steel hopper spreaders offer the features and accessories that give you the performance, capabilities, and efficiency of the larger Striker hopper spreaders, but in a more compact size that's better suited to handle smaller spaces and jobs. It's been designed to provide excellent material flow and delivery to the spinner.

CORROSION-RESISTANT HOPPER

The low-maintenance, stainless steel, riveted construction provides durability for long-life and protection against stress.

MATERIAL DELIVERY

Features a pintle chain conveyor system—15½"-wide on 0.7 cu yd unit & 11½"-wide on 0.35 cu yd unit—that moves material consistently and smoothly to prevent bridging.

DUAL VARIABLE-SPEED CONTROL

Allows operators to easily control salt and sand spread and precisely match material delivery and spread pattern to conditions.

FLIP-UP CHUTE

Provides convenient access to the hitch and easy clean-out.

50-GALLON PRE-WET & DIRECT LIQUID APPLICATION KIT (0.7 cu yd ACCESSORY)

With the addition of this accessory, operators will have the ability to pre-wet materials or spray brine directly onto the driving surface for anti-icing applications. The accessory kit includes two 25-gallon pre-wet tanks, a pump, and a spray kit.

EXTENSION COLLAR

A 0.25 cu yd extension collar for the 0.35 cu yd unit and a 0.5 cu yd extension collar for the 0.7 cu yd unit are available as an accessory to increase material capacity for trucks that can handle the additional weight.

ACCESSORY INTEGRATION

Conveniently connect accessories directly into the fully enclosed accessory hub mounted in the back of the hopper. Accessories automatically integrate with the hopper control without having to run additional wires from the front of the truck.

Striker
0.7 & 0.35 CU YD

0.7 cu yd ACCESSORIES

0.5 cu yd Extension Collars | 50-Gallon Pre-Wet and Direct Liquid Application Kit | Spill Guard Kit | LED Work Light Kit | LED Strobe Light Kit | Central Point Grease Kit | Vibrator Kit | Inverted V Kit | Hold Down Kit

0.35 cu yd ACCESSORIES

0.25 cu yd Extension Collars | Spill Guard Kit | LED Work Light Kit | LED Strobe Light Kit | Vibrator Kit | Inverted V Kit | License Plate Kit | Ratchet Tie-Down Kit | Truck Upfit Kit

Consult your local WESTERN® dealer or westernplows.com for accessory compatibility and availability.

COMPACT TRUCK UPFIT KIT

0.35 cu yd Striker model available for compact trucks with the purchase of the truck upfit kit accessory.
